

# Demo Day

---

*a day for demos*

# Key Points

- **Monday starting at 2:15 AM**
- **Groups present in The Oasis using the monitor/projector**
- **Be in Python ready to demo by 10:00 AM**

# Monday's Schedule

**10:00**    **Final Dress Rehearsal**

**12:30**    **Lunch**

**2:00**    **Special Presentation**

**2:15**    **Main Event**

**5:00**    **Update your README**

# Prep: Thursday

- **Write and memorize script:**
  - Aim for 4 minutes, and 100 words a minute => 400 words (adjust WPM as needed)
  - Refer to How To Give A Good Presentation slides for tips
- **Table reads with instructors and fellows**
- **Record screencast:**
  - Record your presentation to help you refine the cut of your screencast
  - USE CAMTASIA 2

# Prep: Friday

- Morning: run-through with just instructors and fellows with draft screen cast
- Afternoon: run-through in front of classmates
- 5:00 - Technical details with Chris in the Oasis.
